

Steyning Grammar School Anti-Bullying Contract

At Steyning Grammar School we seek to create a climate whereby bullying behaviours are not accepted by any member of the school community. Students need a secure, happy and friendly environment in order to learn effectively. We aim to use all students, staff and parents/carers to work towards the elimination of any form of bullying.

Types of bullying

CYBER	Texting, e-mailing, using the internet (eg social networking sites and other electronic media).
EMOTIONAL	Being unfriendly, excluding, tormenting
NON-VERBAL	Ignoring people, leaving people out, following people, making faces.
PHYSICAL	All unwanted physical contact
RACIAL/CULTURAL	Racial taunts, gestures, graffiti.
SEXUAL	Unwanted physical contact or sexually abusive comments
VERBAL	Name-calling, teasing, spreading rumours, sarcasm, manipulating someone to do something they don't want to do.

As a student:

- I will tell an adult if I see someone being bullied.
- I will support students who are being bullied, value people's differences and help them when they need it.
- I will not spread nasty rumours that could hurt or offend a student.
- I will treat other students with respect and I will not call them horrible names
- I will not disrupt other students learning.
- I will not exclude people
- I will not bully back, I will get an adult involved before it gets out of hand
- I will laugh with people, not at them.
- I will not mock/mimic people
- I will expect the school to act on any bullying that is reported
